

## GREAT FUN

- ★ Outdoor games and sports
- ★ Arts & Crafts
- ★ Playing with friends
- ★ Great Educators
- ★ Food and Cooking
- ★ Indoor Activities

### Camp Australia Newsletter 15 June 2016

Greetings everyone! Another term is flashing by and we have done many exciting things with more to come.

In the last two weeks we made kids smile by designing and implementing programs that reflect the interests of the children. Music, games and dance are an everyday part of our Before School care program along with a variety of team games that help children to build on their social skills and sense of belonging. Amazing Lego creations are still going on with more children joining in, and those designed by children from Madeley PS have impressed the Camp Australia team members across the states. It sparked the interests to organise the Interschool Lego challenges every week. The most creative works will be uploaded on Camp Australia application called Yammer, where Camp Australia educators share news, ideas, photos of children's work, etc.

Last week we made a Yummy Banana Bread based on the recipe designed by Che. It was delicious and children were interested to have a recipe, copies are available at the centre for parents and children to share.

Talent show, science experiments such as cloud dough, making volcano, board games, cooking, art and craft are just some of the fun activities that children can enjoy at our After School care program.

Our Holiday Club program is approaching fast and [The Amazing Games](#) are planned for children with tons of fun activities. Sport and Relays fun, silent disco, jungle gym, races, making Olympics torches are just some of the exciting activities awaiting for children to enjoy. For all information about the Holiday Club Program please visit the website [www.campastralia.com.au/Holiday-Club](http://www.campastralia.com.au/Holiday-Club) or call 1300 105 343.

Your children are guaranteed to love the program,

Sincerely,

Camp Australia Team
