Western Australia

FREE PARENTS SEMINAR

Building online resilience for children and young people

Supporting children and young people to develop the skills and understanding to safely navigate their online environments and find the information and networks they need can provide significant benefits to their mental health and wellbeing.

This seminar, presented by the 2016-17 Thinker in Residence Professor Jane Burns, will present ways parents can support children and young people in building their digital resilience and to stay safe online.

Recognising that the Internet is a space where young people generally enjoy spending their time, Professor Burns' research brings young people together with researchers and practitioners to explore how technology can be used to improve mental health and wellbeing for young people.

This practical seminar will also include a presentation from Professor Donna Cross from Telethon Kids Institute who has undertaken world-leading research on bullying and safe online practices for young people.

When 7pm – 8.30pm
Monday 24 October

Where Churchlands Concert Hall, Churchlands Senior
High School, 20 Lucca Street, Churchlands
