Cyber Safety Parent Information Evenings

with Paul Litherland from Surf Online Safe

The Ashdale Cluster invites its parents to one of two free information sessions about cyber safety being run by **Paul Litherland** from **Surf Online Safe**.

Paul, an ex Police Officer of 20 years, spent the last five years of his Policing career in the Technology Crime Investigation Unit. This Unit is internationally recognised as one of the leading technology crime divisions in the world. After this experience, he realised there were limited resources available to parents, schools and children about the online world, so he created Surf Online Safe.

Paul's engaging and informative session focuses on educating students and community members on how to be safe online and raise awareness of current online risks.

Bookings are essential as tickets are limited to 300 seats per evening.

Cyber Safety Parent Information Evenings:
