

### Aiden

My name is Aiden. My strengths as a leader are being helpful, brave, kind and having very good sportsmanship.

A leader I look up to is my cricket coach. He tells me when I do good things, and when I do things wrong he tells me how to improve. He encourages us to do our best and play by the rules.

I am looking forward to learning how to be a good leader and the courses we will be going on.

A famous quote I like is by Dr Seuss "Don't cry because it's over, smile because it happened." I like this quote because it is cheerful, happy and makes you not want to cry.

### Jacob

Hi, my name is Jacob. Being a student leader means a lot to me. It is not about the badge, it is about helping other students. A leader is not what you do, it is how you do it. There are a lot of leaders out there, but one person I admire a lot is Lionel Messi. He is the captain of Barcelona.

### Haris

I believe my strengths as a leader are that I will listen to others and make sure everything gets done. I admire my mum as a leader because she stands up. I am looking forward to this year because I can organise stuff.

My favourite quote from a leader is... "Life is too short to waste."

### Ella

Hi I am Ella and I am one of your Student Councilors for 2015.

I believe the I will make a great Student Councilor because I am a great role model as I am friendly and kind to other students.

I look up to many people and my goal is for the younger students to look up to me. I look up to my mum and my dad but I would like to follow in Tony Abbott's foot steps

As Napoleon Hills said *"If you can't do great things do small thing in a great way."*

*Thank you*

### Blake

Hi, my name is Blake. I think my strengths are that I am responsible and ready for all tasks. I listen to ideas and make sure the school is strong.

A leader I admire is Darren Glass (West Coast Eagles) because he never let us down and that is what I do. He is also very organised and I think I can do that to.

I am looking forward to being a student leader because I can really show myself to the school and have awesome ideas to make the students happy. A quote that I like from Darren Glass is "Come on boys we can do this we never give up and always try our best lets just have fun boys."

### Laird

Hello my name is Laird. I am the Faction Captain of Lightning for 2015.

I think I'm a good leader because I show good leadership and encourage all in any event. One of my favourite leaders is Michael Jordan because he got told he wasn't good at basketball but he kept trying and became the most famous basket baller of all time.

As a leader this year I am looking forward to helping this school become better and doing some fundraising for the school.

My favourite leadership quote is 'I can accept failure but I can't accept not trying.' I like this quote because it remind us to keep trying no matter what.

#### Sam

Hello Madeley Primary School, my name is Sam.

As a leader I think I have some strengths. Firstly I have good leadership skills, I am very organised with all my stuff and I am always approachable.

A leader that I admired was Nelson Mandela. Nelson Mandela became president of South Africa during 1994 - 1999. The reason I admired him because he never gave up. After being sent to jail in 1962 he never gave up hope about leaving the prison and becoming president.

As a leader I am really looking forward to working with all the other leaders to achieve lots of cool things we are doing this year. I am also really looking forward to working with all the other students in the school.

'If we are together nothing is impossible. If we are divided all will fail'. ~ Winston Churchill (1874 - 1965). The reason I like this quote is because it shows that if we all work together we can achieve so much, but if we fight against each other everybody will fail.

#### Stephanie

Hi my name is Stephanie and I have been selected to be a Student Councilor this year. I will try to show kindness and helpfulness in my role as a leader and I believe that I am friendly and approachable.

I admire many people who are leaders but one of my favourites would have to be Albert Einstein. I admire him because I know how frustrating it can be when you try thousands of times to do something and you just can't get it right. He showed true resilience by not giving up.

As a leader I am looking forward to helping out the teachers and students. I will enjoy the privilege of doing all the fun activities Mr Bevan has planned, as well as learn a lot and hopefully become a better leader.

I really love the quote "If your actions inspire others to dream more, learn more, do more, and become more - you are a leader". This saying comes from John Quincy Adams. I like it because it is what I believe a real leader should do.

#### Lauren

Hi I'm Lauren and I will be one of the Student Councilors this year.

I think my strengths as a leader are being able to lead without being bossy and helping sort out problems other students have by listening to both sides of the story and drawing a fair conclusion. I really look forward to helping the school be a place that people look forward to going to every day.

I like Science, cats, pineapples and the creators of good ideas like Albert Einstein, Marie Currie and Thomas Edison. I think the way that they made history was by being a good leader and doing something amazing and I want to follow in their footsteps.

A quote that I have always liked is “You have to learn the rules of the game. And then you have to play better than anyone else” by Albert Einstein. I like this quote because it means once you know what to do, do it and do it well. Now that you know a bit about me I look forward to learning more about you and the rest of the community.

#### Kaleb

My strengths are I’m a great leader and I love to help out with sport. I enjoy my sport a lot and love organising sport activities such as carnivals and cross country. I have strengths like friendliness, kindness and I never give up.

I admire the captain of the Australian cricket team who is Steven Smith because he never gives up on his team and himself. I admire him because he never gives up and I never want to give up on this school.

I’m looking forward to organising faction events and competitions but that’s not why I became a student leader. I became a leader because I wanted to help the school as well as looking out for others and staff. There are often people on the basketball court and on the oval that are either hurt or injured and I try my best to help them out as much as possible.

There is a quote that I like that Steve Smith said. It is “Come on boys we’re still in this!” I like this quote because it is encouraging to the team. It keeps them moving and motivates them and that’s what I want to do as a Faction Captain. I will encourage the factions to keep going and give 100% all times whether they’re losing or not.

#### Charlize

I am Charlize

My strengths as a leader are to help and encourage everyone. I admire my sister Cetine because she helped lots of people when she was a captain in this school.

As a leader in this school I am looking forward to helping other students and creating great ideas for the whole school to enjoy. My quote is, “Everything is possible, just the impossible takes longer”.
