

# 2015 CLINICS

**WEST COAST  
FEVER**  
alcoholthinkagain

West Coast Fever Clinics provide a great opportunity for 5 to 13 year olds to meet, learn from, and have fun with Western Australia's top netballers. Fever star defender Courtney Bruce is really eager to be involved and encourages all young netballer's to come along. "The West Coast Fever Clinics are always a great event. Interacting with the younger generation of netballers is what it is all about."

"Growing up in a world of netball myself, I used to love seeing the professionals in action at games! Being able to learn, communicate and pass on our enthusiasm, face to face, I can only imagine will be a great experience for this age group."

West Coast Fever Clinics cost \$70 per person (non-members) with West Coast Fever members receiving a special member discounted price of \$60 per person.
