*Apple 1-1 Program

The Ashdale Cluster of schools is committed to providing all Year 4-6 students with up to date technology knowledge. This **voluntary program** involves families leasing or purchasing an Apple MacBook for their child to use for educational purposes anywhere and anytime for three years. A variety of approved devices are available which currently range in price from MacBook Air 128 GB \$1520 to 256GB \$1778. The purchase of a hard drive (MacBook only) and cover/case for the device is recommended although not essential. The students use their device both at home and at school to ensure they have access to information and creative tools at time of need. Parent feedback along with dedicated and enthusiastic staff, guide the program each year to constantly review and improve the opportunities for our students. Information about the approved devices/bundles and an online order form will be made available via a link that has been posted on Connect in Term 4 or alternatively parents may purchase elsewhere.

**Apple pricing may change without notice so the provider cannot guarantee that the stated prices will remain the same for the duration of the program.

ITEMS FOR PERSONAL USE

The charges for personal use items will vary from student to student and includes:

- Items for all students that are used in daily lessons eg. Stationery items, calculator etc
- Items that are recommended but not essential for all students eg. tissues, art shirt etc.
- Items required by selected students and not directly part of the educational program eg. class photographs, etc

A recommended list of materials your child will require this year has been provided. All materials can be purchased through West School Supplies orders however you are not obliged to use this local supplier.

Your child will need to have the listed materials each school day so it may be necessary to replace some items, such as pens or pencils, throughout the year.

School Fundraising for Special Causes

Madeley Primary will support selected charities with causes related to the specific needs of students in the school or children in general. Examples may include:
